Hi Timothy,

I was under the impression that these have already been reviewed. Clark was asking about the hold harmless from ST Wooten - can you advise what that would entail?

Thanks,

Shelby,

The cameras fall within a STIP, each camera will need it’s on encroachment if they were not in a STIP they could be review together. They will need to be review separately. If you have any questions please let me know.

Thanks,

Tim Godwin

Shelby,

I have Cc'd the Division Utility Engineer (Tim Godwin) and Coordinator (Roy Sutton). I am not familiar with the process, but they will be able to help you out if a hold harmless is allowed by the contractor (ST Wooten). If the hold harmless is not allowed, the option of resubmitting this location as an encroachment later is always an option. The other locations are in STIPs that are far out and will not need to be relocated for at least another few years.

Tim & Roy,

Could you assist Shelby with obtaining a hold harmless if ST Wooten permits it? I have attached screenshot of your responses to my inquiry for this encroachment. This encroachment is ready for approval pending Site 2's location and the Sherriff's office is eager to get these installed.

I think that move may affect the intended capture of the Sheriff's Office - You mentioned a hold

harmless? What does that entail? If you have one drafted I can send it to my team to execute.

Thanks

Thank you!

Another comment Regarding Location 2. When I made my comments by email on 4/10, Location 2 was in conflict with multiple STIPs.

[cid:ii_19779c35c9a5b16b22]

The current location is still in conflict with these STIPs. I have attached a screenshot of where it would need to be moved to be out of conflict. It is possible to install with a hold harmless, but a lot of contractors do not give out a hold harmless. If these locations aren't acceptable, it may need to be left out (and updating the total number of posts).

[cid:ii_19779c35c9a692e333]

I'll still start writing the approval letter in the meantime and prepare it for when this is addressed. Please feel free to call or email me if you have any questions.

Hi there,

Sorry I must have uploaded the wrong one. I attached the correct one and am attaching it here. Thanks!

Good Afternoon Shelby,

While going through documents and writing up the approval letter, I noticed that the 16.1A redlines on the second page were not completed as requested.

[cid:ii_19779c35c9a7745b44][cid:ii_19779c35c9a855d355]

For the second party signature please have the following.

Signature
Printed name
Job Title
Company Name (e.g. New Hanover County Sheriffs Office).

Without this information, we are unable to address our approval letter since I can't read the signature. Once this is returned in the portal, we should be good to go to approve.
